FROM IDEA TO LIVE IN WEEKS, NOT QUARTERS.

Born in Kosovo, based in Hamburg. For eight years I have designed and shipped SaaS, dashboards, and e-commerce – leading product and design at NautilusLog, building carbon reporting at GRYN, and delivering 100+ freelance projects for teams in Germany, Switzerland, the UK and the US. I still sit in Figma. I also get the work live.

EXPERIENCE

Product & Design Lead

NautilusLog · Hamburg

JAN 2026 – PRESENT

Roadmap, stakeholders, and delivery for a maritime operations platform – logbooks, inspections, ship-to-shore. Hands-on UX/UI when the product needs it.

UI/UX & Product Designer

NautilusLog · Hamburg

MAY 2023 – APR 2026

Logbook and operations workflows for managers, seafarers, and partners – paper-heavy ship work into interfaces teams can run.

Product Designer

GRYN Network · Hamburg

JAN 2022 – MAY 2023

Scope 3 carbon dashboards and reporting for enterprise logistics. Dense emissions data that still had to stay readable.

Freelance Product Designer

RoboCore Systems Inc. · Atlanta, US · Remote

MAR 2021 – MAY 2023

Product and interface design for a US software team, alongside independent client work.

Product Designer

Nacew · Prishtina

JAN 2022 – AUG 2022

Product design inside a multi-market design studio – digital products and interfaces.

Product Designer

Impact Software GmbH / Impact Digital · Switzerland

SEP 2019 – JUN 2022

Landing pages, interaction design, and e-commerce for a performance-focused digital studio (incl. Vitamina Digjitale, Prishtina).

UI/UX Designer

Intes GmbH · Prishtina

NOV 2018 – MAY 2019

Interfaces inside a CMS, aligning business requirements with user-centered design and the technical constraints of the build.

User Interface Designer

Vision Agency · Kosovo

SEP 2017 – OCT 2018

UI mockups, responsive troubleshooting, and original graphic design for client sites.
